Management Drives

INDIVIDUAL & GROUP PROFILES

Drive-Based Insight

Scientifically maps motivation patterns across 6 core drives.

Boost Performance

Teams using MD report a 75% increase in job satisfaction

Common Language

A shared framework to objectively describe culture and behavior.

Scalable Solution

Applicable at individual, team, and organizational levels.

IBDL Learning Group is the Learning regional partner for Management Drives in the Middle East. This globally validated and highly accurate assessment reveals the core motivations of individuals and teams, providing a clear, color-coded roadmap to enhance leadership, collaboration, and sustainable organizational growth

Your Complete Change Intelligence Journey

MD is not just a profile - it is a comprehensive behavioral system that helps organizations understand motivation, predict collaboration patterns, and design targeted development at every level.

3 Core Components Across 6 Color Dimensions

1 Core Components

1. **Drive Awareness:** understanding what intrinsically motivates each person.
2. **Behavioral Profile:** skills, communication style, and adaptation patterns.
3. **Energy & Resilience:** stamina, stress response, and pressure behavior.

The 6 Color Drives

- Yellow: Analyze & explore in depth
- Green: People & relationships first
- Orange: Results, progress & achievement
- Blue: Certainty, clarity & structure
- Red: Courage, speed & strength
- Purple: Bonding, security & care

Key Applications Include

- Leadership development & coaching
- Team composition & collaboration
- Organizational culture change
- Conflict resolution & mediation
- Succession planning & talent mapping
- Change management & restructuring
